ODP 0-1086 1 9 AUG 1980

MEMORANDUM FOR: Director of Research and Development

FROM:

Bruce T. Johnson

Director of Data Processing

SUBJECT:

Letter of Commendation -

STATINTL

STATINTL

of your Analytical Methodology Research Division has contributed significantly in several ways to the Colorgraphics Project associated with the COMIREX Automated Management System (CAMS). The XEROX TACK software is the hub of the current CAMS colorgraphics testbed capability. As COTR for this contract, TATINTL has been eminently helpful in brokering ODP's requirements and expediting their fulfillment by the contractor.

STATINTL

• 2. was also extremely helpful to us in selecting the proper colorgraphic terminal to meet our needs. She analyzed terminals available and made the technical recommendation that the raster scan terminal was best suited for us. Other technical areas in which provid&dATINTL excellent support included techniques for handling the merge and overlap of polygons, analysis of the Query By Example software, World Data Bank goom techniques, and the Dynamic Fly capability.

We in ODP consider ourselves fortunate indeed to STATINTL have someone of obvious technical competence, outstanding professionalism, and unselfish helpfulness available to us in the Colorgraphics Project. The CAMS colorgraphics testbed system has been highly successful and well received by management at all levels in the Agency and Intelligence Community. Much of the success of this project can be directly attributed to STATINTL operative efforts on our behalf. Please pass along to her my sincere appreciation for her help and my personal commendation for a job well done.

/s/ Bruce T. Johnson
